1. About this guide

The Mahindra Invoice Tracker supplier portal lets you see the status of your invoices, when you will be paid, and the payment reference (UTR). You can also raise a query about an invoice. This guide explains every step.

2. Getting an account

2.1 Request an account

1. Open the sign-in page. Under "New supplier, or no account yet?" click **Request an account**.
2. Enter your **Company** name and your **Email**. This email will be your sign-in. Each account needs its own email.
3. Enter your **PAN** (10 characters, like ABCDE1234F).
4. Enter your **Vendor codes**. Separate several codes with a comma or space.
5. Add a **Note** only if you are unsure about something (optional).
6. Click **Submit request**. A "Request submitted" message confirms it and you also receive an email.

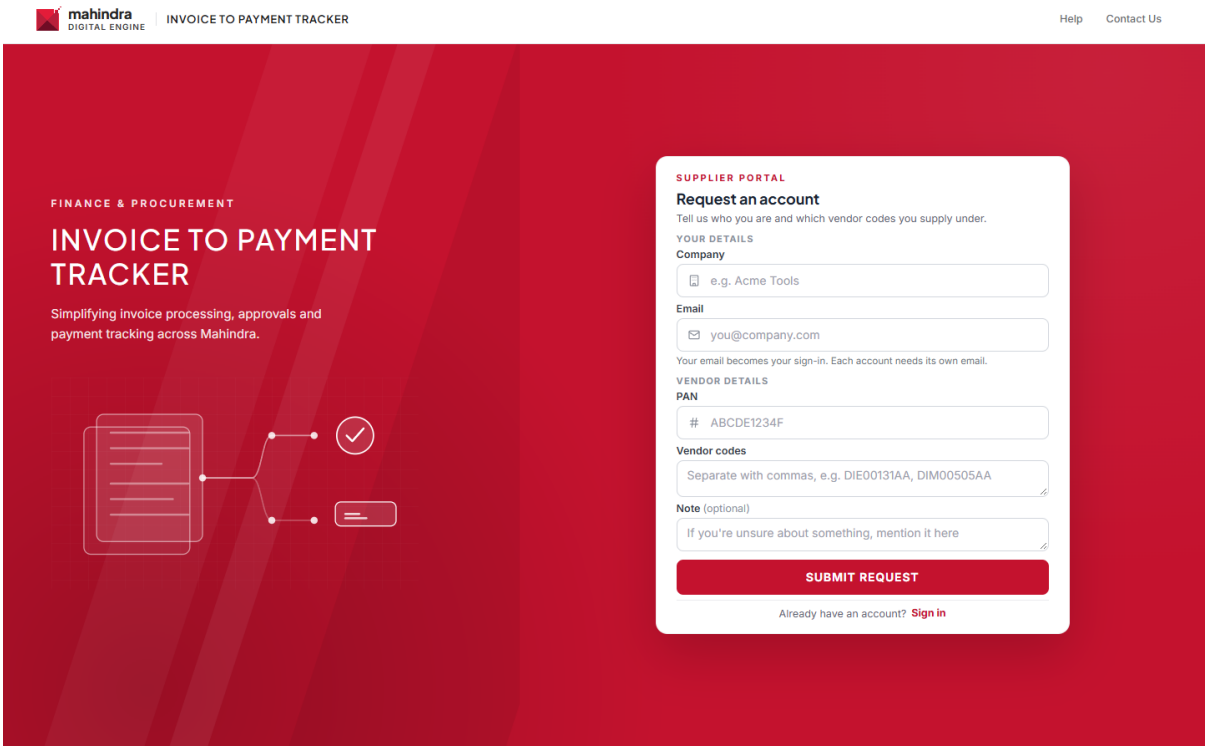

Figure 1: Request an account

The Mahindra team reviews your request. If it is approved you receive an email with a link to set your password. If it is rejected the email tells you why.

2.2 Set your password

1. Open the email and click the link. The link works for a limited time.
2. Confirm your **Email**, enter a **New password** (at least 8 characters) and **Confirm password**.
3. Click **Set password and continue**. You are taken to the sign-in page.

3. Signing in

1. Open the sign-in page. **Supplier** is selected.

2. Enter your **Email** and **Password**.
3. Keep **Remember me on this device** ticked only on your own computer.
4. Click **Continue**. Your dashboard opens.

> **Note:** After 5 wrong passwords your account is locked for 15 minutes.

3.1 Forgot password

1. Click **Forgot password?** on the sign-in page.
2. Enter your **Sign-in email** and click **Send reset email**.
3. Open the email, click the link and choose a new password.

4. Finding your way around

Area	What it does
Left menu	Dashboard, My Invoices, Logs, My Queries, Notifications, My Profile, Logout.
FY filter (top bar)	Choose the financial year.
Vendor code list (top bar)	Show one vendor code, or **All vendor codes**.
Bell icon	Your latest notifications.

5. Dashboard

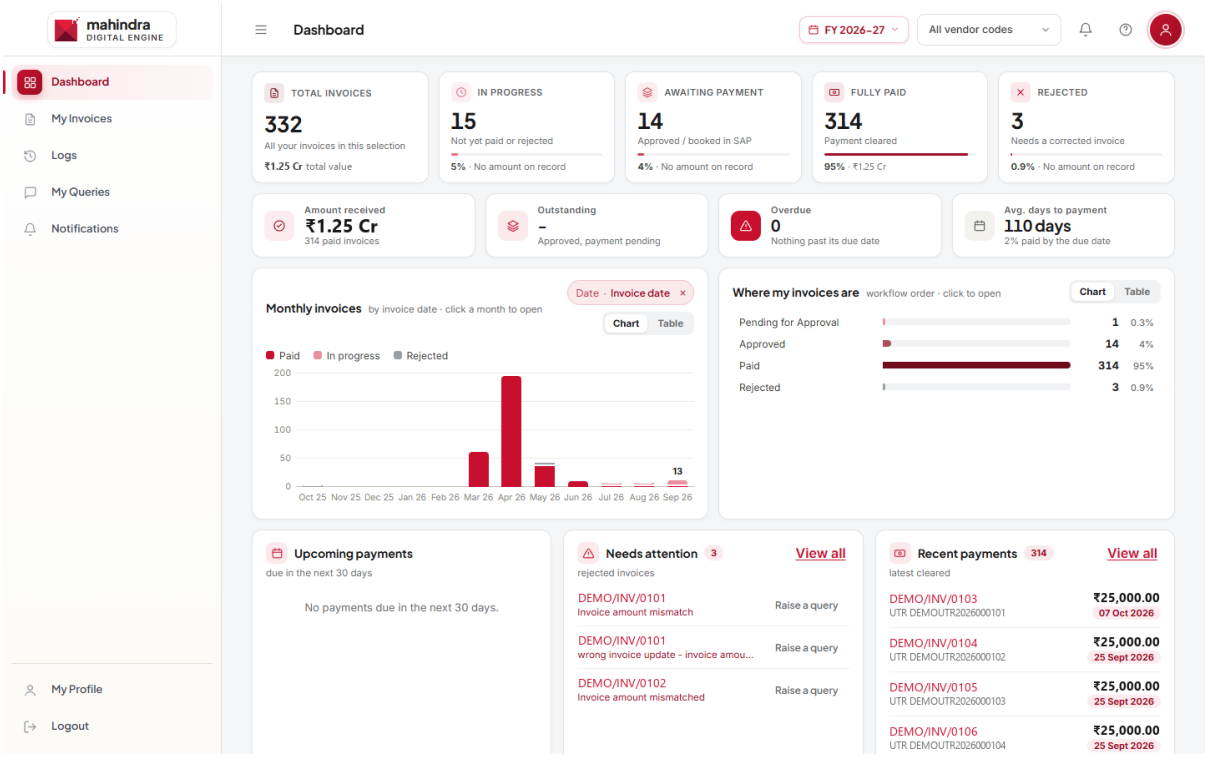

Figure 3: Supplier dashboard

Card	Meaning
Total Invoices	All your invoices in this selection.
In Progress	Not yet paid or rejected.
Awaiting Payment	Approved or booked in SAP; payment pending.
Fully Paid	Payment cleared.
Rejected	Needs a corrected invoice.

- **Amount received**, **Outstanding**, **Overdue** and **Avg. days to payment** show your money position.
- **Monthly invoices** and **Where my invoices are** charts: click a month or status to see those invoices.
- **Upcoming payments** (next 30 days), **Needs attention** (rejected invoices, with **Raise a query**), **Recent payments** (with UTR) and **My Queries**.
- Click any card to open My Invoices filtered to that group.

6. My Invoices

1. Click **My Invoices**.
2. Use the **Status** filter, the **Date** chip and the date range, or type in the search box.
3. Click an **invoice number** to see its progress.
4. Click **Export to Excel (N)** to download the list.

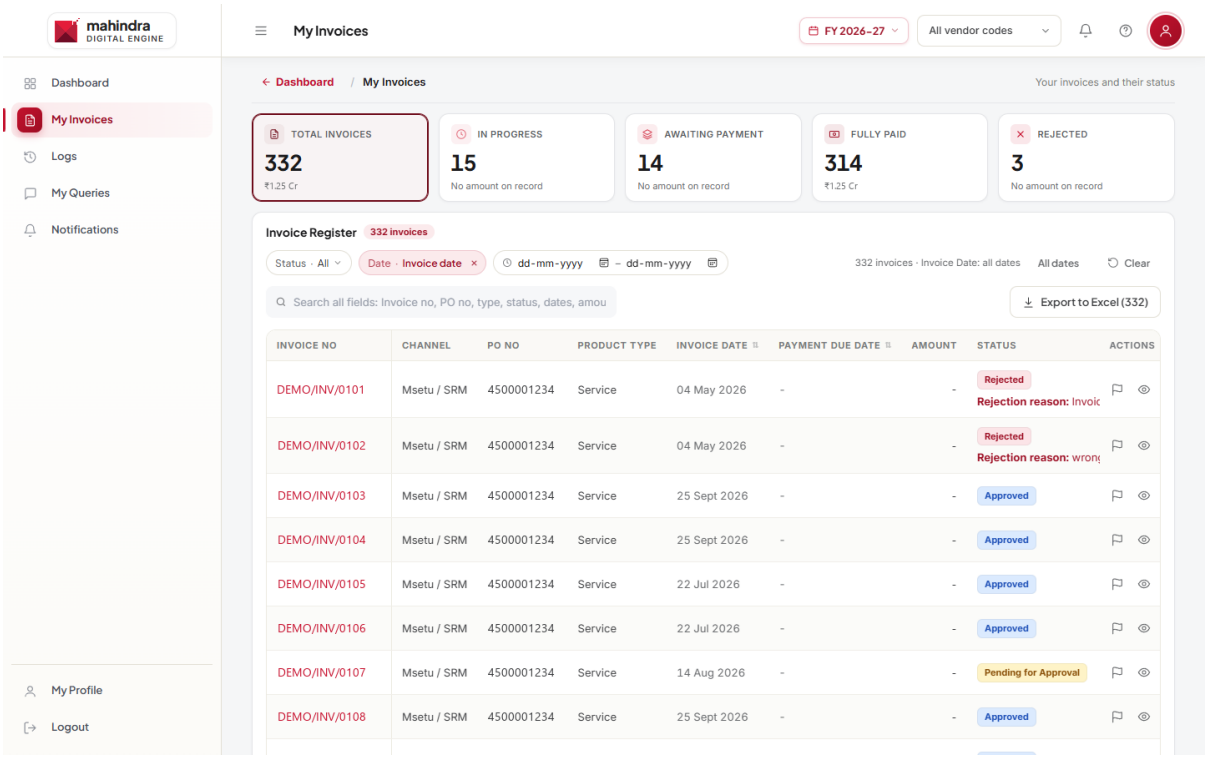

Figure 4: My Invoices

6.1 Invoice details

The invoice page shows the **Invoice Progress** (Initial → Invoice Uploaded → Pending for Approval → Approved → Miro Booked → Paid), the payment due date, payment date and **UTR No.** If the invoice was rejected, the **rejection reason** is shown. Click **View Full Detail** for all fields.

7. Raising a query

1. Open the invoice and click **Raise a Query** (or the flag icon in the invoice list).
2. Choose the **Topic** (for example Payment Not Received, Amount Mismatch, Invoice Rejected) and the **Priority** (Low, Medium, High).
3. Write a **Subject** and **Details**. Attach a file if needed (5 MB maximum).
4. Click **Submit Query**. The query goes to the Mahindra team of that invoice's channel.

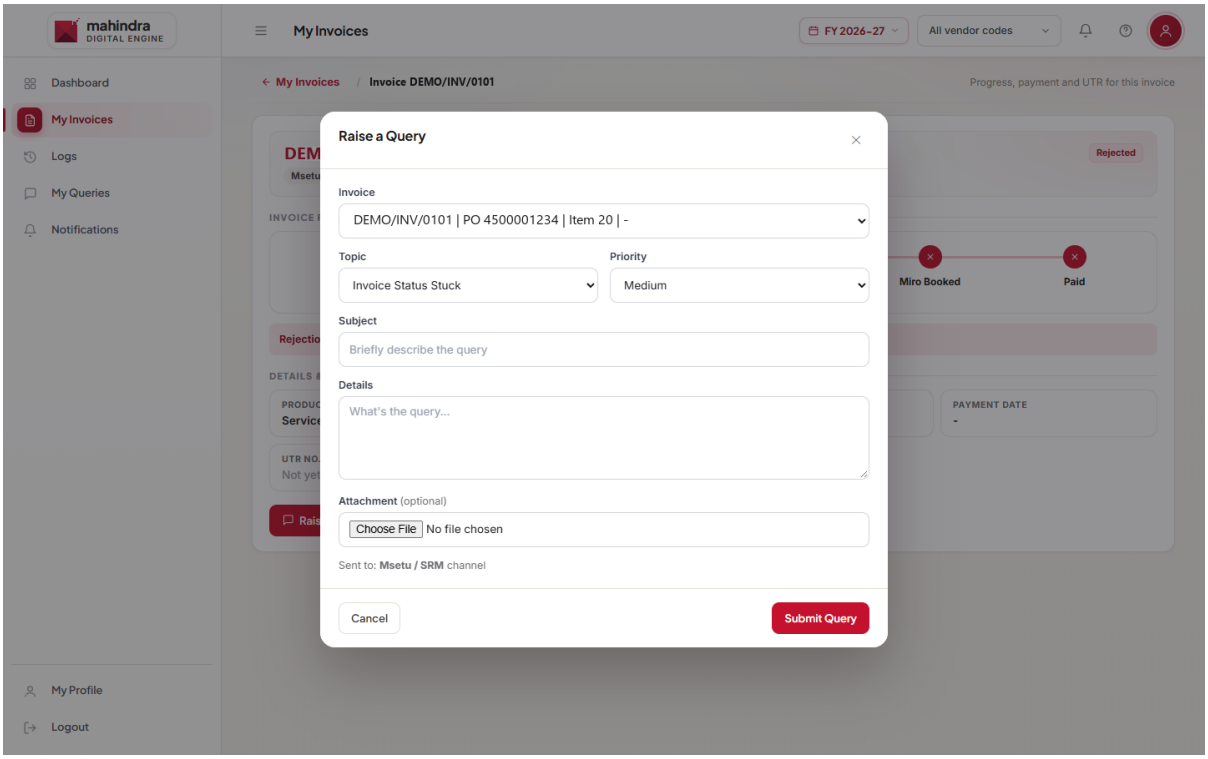

Figure 6: Raise a query

7.1 Following up

- **My Queries** shows **Open** (waiting for the Mahindra team), **In Progress** and **Resolved / Closed** queries.
- Open a query to read the replies. Write in **Write a reply** and click **Send** while it is open or in progress.
- When the team resolves it, click **Close** if you are satisfied, or **Reopen** and give a reason.

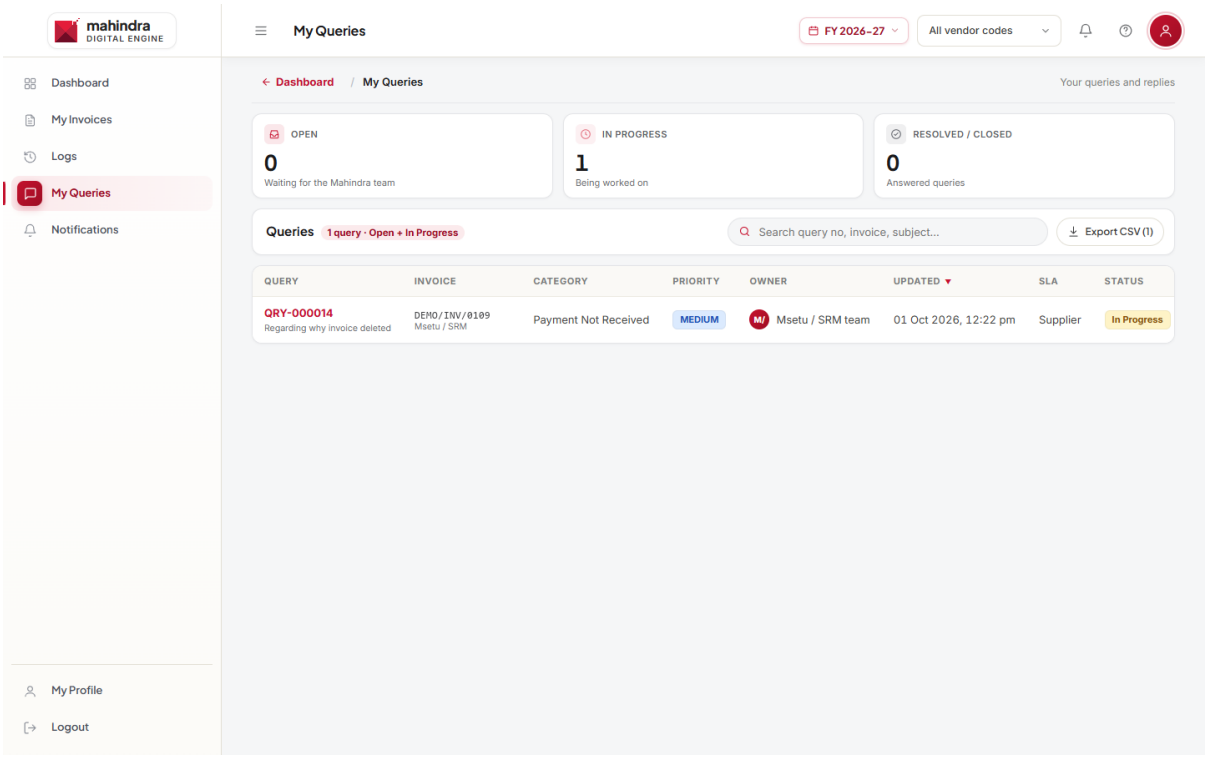

Figure 7: My Queries

8. Logs, Notifications and Profile

- **Logs**: a timeline of invoice events, payments and query updates. Filter by type and search; export to CSV.
- **Notifications**: updates on your queries. Click **Mark all read** to clear them.
- **My Profile**: your sign-in email, PAN and vendor codes.

8.1 Add or remove vendor codes

1. Go to **My Profile** › **Vendor code access** and click **Request a change**.
2. Enter **Vendor codes to add** and/or tick **Vendor codes to remove**.
3. Write a **Note** explaining why (required) and click **Send request**.
4. The status shows **Waiting for review**, then **Approved** or **Rejected**. You can send a new request once the current one is reviewed.
